

Updating Mobile Home Links

Mobile Home buttons are considered custom content. Navigate to the custom content that determines these links from the backend of the CMS:

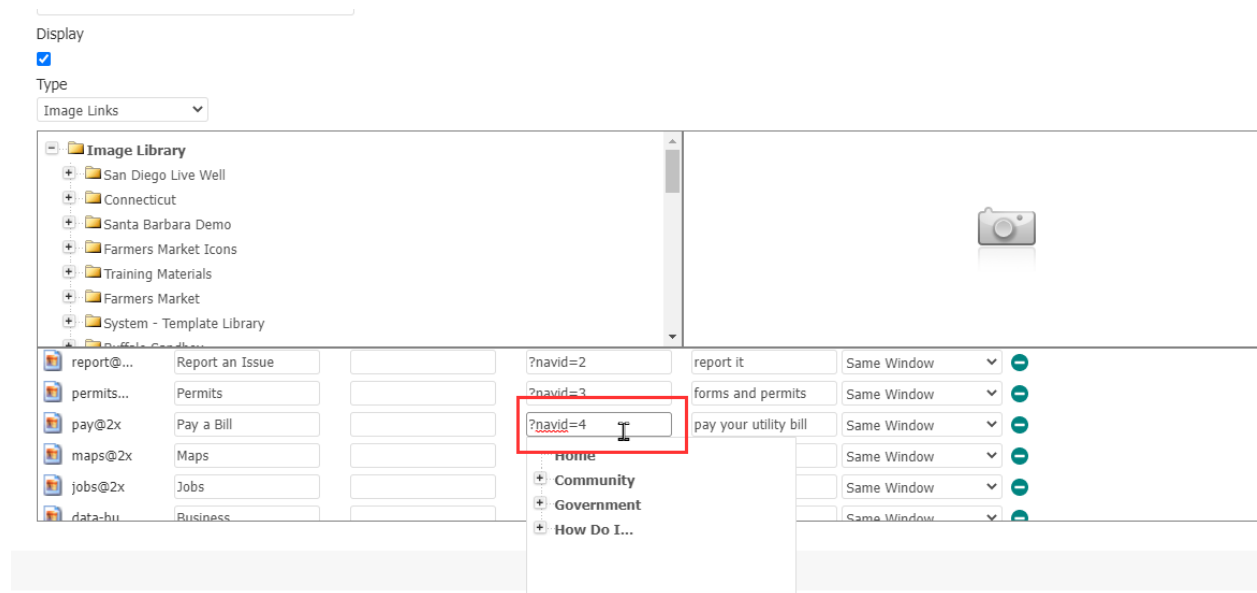

The custom content for this is called “Home Buttons – Mobile Enhanced”, click to edit this content:

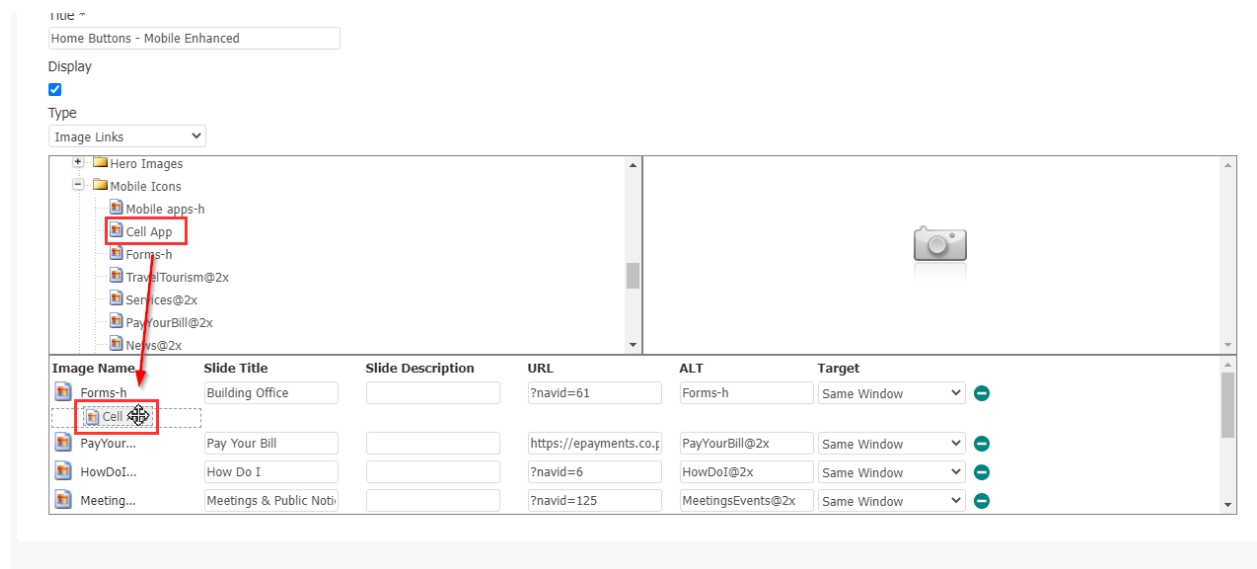

Updating URLs

From here, we can update the URL of any of the mobile home buttons. These can be internal or external links:

Updating Images

There is no way to “Swap Out” an Icon for this widget. You will have to delete the old button and add a new button. You can add a new button by dragging and dropping the image you want to use to the location it should be in:

You can delete old icons by clicking the green “minus” icon on the far right:

Type
Image Links

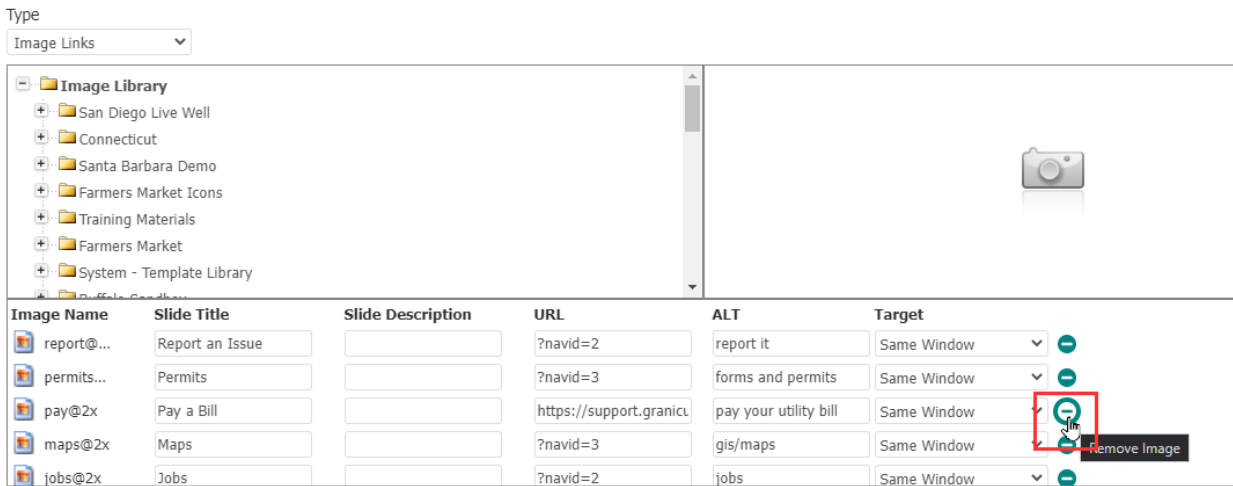

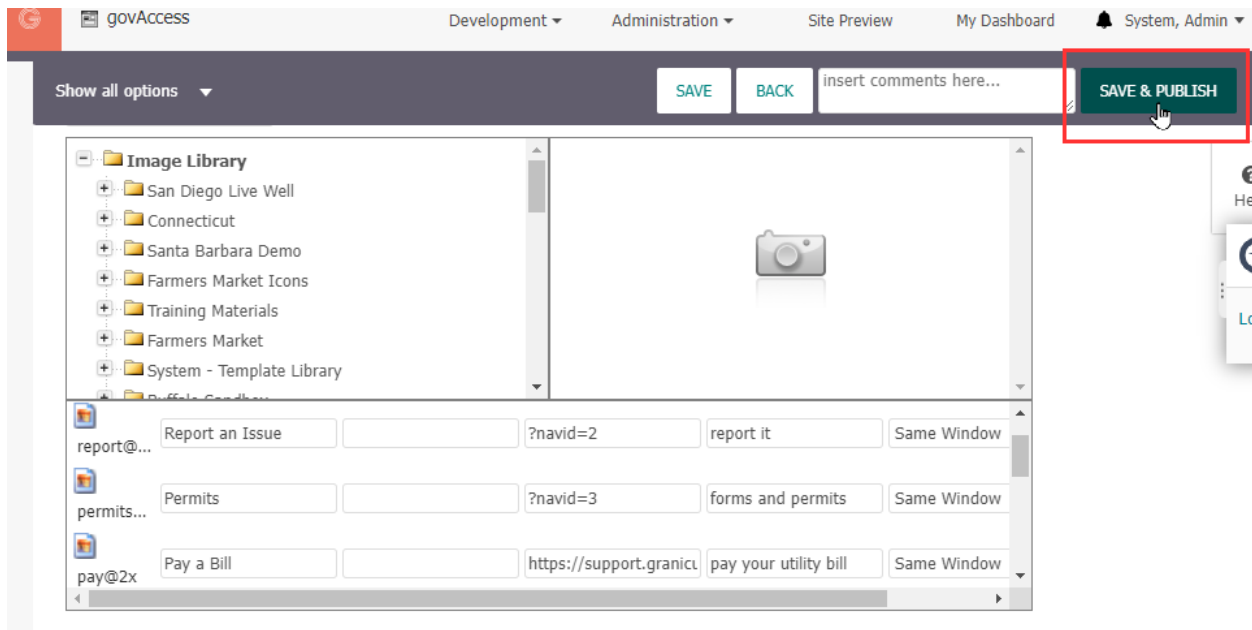

Image Name	Slide Title	Slide Description	URL	ALT	Target	
report@...	Report an Issue		?navid=2	report it	Same Window	⊖
permits...	Permits		?navid=3	forms and permits	Same Window	⊖
pay@2x	Pay a Bill		https://support.granic...	pay your utility bill	Same Window	⊖
maps@2x	Maps		?navid=3	gis/maps	Same Window	⊖
jobs@2x	Jobs		?navid=2	jobs	Same Window	⊖

After the URL and images have been updated, save and publish this content so it appears on the live site:

govAccess Development Administration Site Preview My Dashboard System, Admin
